**Dear Customers,**

The unconditional support of all our customers and sales partners has made our journey fruitful and fulfilling. Thanks to you all, we have left no stone unturned to make this journey an exciting and memorable one, during these four decades. I take this opportunity to thank you and convey my gratitude for the unabated support and trust you have always reposed in Polycab and encouraged us to move ahead confidently.

The advent of the second millennium has brought in its wake a transformation in the mindset of the customer. The expectation of a customer has risen exponentially. That's why, we have geared up towards keeping our customers totally satisfied.

Our flexibility and openness to new market trends and changing technology continue to be our driving force. The core values of teamwork, trust amongst people and customer focus have given us a unique position among the Indian industry.

As we gear up for the future, we have established our well recognized market presence with a strong product portfolio. We have also streamlined our efficient manufacturing capabilities to withstand the winds of change. However, we are aware that we will

need to be even more proactive, agile and customer centric.

This is possible only when we will anticipate the future and be ready with solutions, even before you as the customer ask for them. There are many new challenges the cable industry is facing with new market opportunities and product developments, due to thrust in renewable energy sector. We have achieved success towards developing and delivering products for this segment and at the same time ensured to be internationally competitive.

Our business model is evolving. We have identified focus areas of growth over the next five years and beyond. That's how, we will diversify into adjacent product categories such as **Lighting, Luminaires, Switches, Switchgear, Electric Fans and Appliances** in the near future.

Polycab aspires to be 10000+ crores company in the upcoming years, I am confident that this will keep us ahead and winning in our endeavour to be the preferred brand in this market.

We pledge to improve each day to serve you better.

**INDER JAISINGHANI**

**Chairman & Managing Director**

## INDUSTRIAL T8 / T12 BATTEN LUMINAIRE

Pre-Coated CRCA body, heavy duty industrial batten suitable for 4 feet T8/T12 Lamps.  
Available in open, Aluminium and Pre-Coated reflector.

PRODUCT CODE	CATEGORY REFERENCE	WATTAGE	LAMP TYPE	CASE LOT	MRP
PID0501001	PCIB 136/140 T HFC	1 X 36/40 W	LFL T8/T12	10	675.00
PID0501003	PCIB 236/240 T HFC 2	2 X 36/40 W	LFL T8/T12	10	925.00
PID0501004	PCIBP 136/140 T HFC	1 X 36/40 W	LFL T8/T12	10	975.00
PID0501005	PCIBP 236/240 T HFC 2	2 X 36/40 W	LFL T8/T12	10	1,225.00
PID0501006	PCIBA 136/140 T HFC	1 X 36/40 W	LFL T8/T12	10	950.00
PID0501007	PCIBA 236/240 T HFC 2	2 X 36/40 W	LFL T8/T12	10	1,200.00

## INDUSTRIAL T5 BATTEN LUMINAIRE

Pre-Coated CRCA body, heavy duty industrial batten suitable for 28W T5 Lamps.  
Available in open, Aluminium / Pre-Coated reflector.

PRODUCT CODE	CATEGORY REFERENCE	WATTAGE	LAMP TYPE	CASE LOT	MRP
PID0501008	PCIB 128 T HFC	1 X 28 W	LFL T5	10	700.00

## Ingress Protection Classification

Degree of protection indicated by the first characteristic numeral (Protection against solids)

Description	Short Definition
0 Non-protected	No special protection.
1 Protected against solid objects greater than 50mm	A large surface of the body, such as hand ( but no protection against deliberate access). Solid objects exceeding 50 mm diameter.
2 Protected against solid objects greater than 12 mm	Finger or similar objects not exceeding 80 mm in length. Solid objects exceeding 12 mm in diameter.
3 Protected against solid objects greater than 2.5 mm	Tools, wires etc of diameters or thickness greater than 2.5 mm. solid objects exceeding 2.5 mm in diameter.
4 Protected against solid objects greater than 1.0 mm	Wires or strips of thickness greater than 1.0 mm. Solid objects exceeding 1.0 mm in diameter.
5 Dust protected	Ingress of dust is not totally prevented. But dust does not enter in sufficient Quantity to interfere with satisfactory operation of the equipment.
6 Dust Tight	No ingress of dust.

## Ingress Protection Classification

Degree of protection indicated by the second characteristic numeral (Protection against liquids)

Description	Short Definition	
0 Non-protected	No special protection.	
1 Protected against dripping water	Dripping water (vertically falling drops) shall have no harmful effect.	
2 Protected against dripping water when tilted up to 15	Vertically falling drops shall have no harmful effect when the object is tilted to any angle up to 15 from its normal position.	
3 Protected against splashing water	Water falling as a spray at angle up to 60 from the direction shall have no harmful effect.	
4 Protected against splashing water	Water splashed against the enclosure from any direction shall have no harmful effect.	
5 Protected against water jets	Water protected by a nozzle against the enclosure from any direction shall have no harmful effect.	
6 Protected against heavy water jets	Water projected in heavy jets shall not enter the enclosure in harmful quantities.	
7 Protected against the effect of immersion	Ingress of water in harmful quantity shall not be possible when the enclosure is immersed in water under defined conditions of pressure and time.	
8 Protection against submersion	The equipment is suitable for continuous submersion in water under conditions which shall be specified by the manufacturer.	

**Note :** Normally this will mean that the equipment is hermetically sealed. However with certain types equipment it can mean that water can enter but only in such a manner that its products no harmful effects.
